

A Day of Immunology: Bugs, immunity and you

A specialised immune cell that can 'handle' viruses

Join in an interactive display of the spread of viral infection

Learn how the immune system works when you:

Encounter a virus (including the swine influenza virus)

Are given a vaccine

Have an allergic reaction

Have an autoimmune disease

Join in our discussion panel

Venue Scitech City West, Sutherland St,
West Perth.

Date Wednesday 2nd September 2009

Time 4:30pm - start

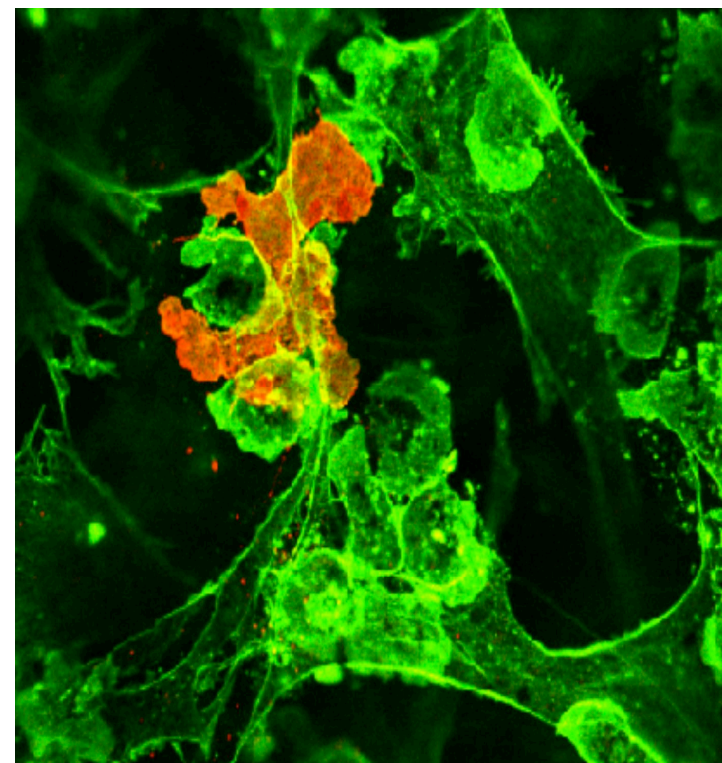

5:30pm - panel discussion

6:00pm - visit our immunology stalls

6.30pm - finish

Cost \$2 gold coin donation

RSVP Monday 24th August 2009

An immune cell 'eating' another cell
