

A DAY IN THE LIFE OF AN IMMUNOLOGIST

To celebrate World Immunology Day 2015, we invite you to participate in an exciting FREE day of activities including:

- Laboratory Investigations (Disease Outbreak or Drug Discovery)
- Laboratory tours
- Hear from leading immunology researchers working on the cutting edge of science
- Talk to scientists about career opportunities

“Disease Outbreak”

Translational Research Institute, Woolloongabba.

Wednesday 29th April 2015 9am-4pm

Speaker: Professor Ian Frazer

“Drug Discovery”

QIMR Berghofer Medical Research Institute, Herston.

Friday 1st May 2015 9am-2:30pm

Speaker: Dr John Miles

To nominate your preferred day or for further information, please contact Dr Danielle Stanisic (d.stanisic@griffith.edu.au).

RSVP by 2nd April 2015.
